

# Natural Nucleus Error Messages

## NAT7151-NAT7200

**NAT7200: NATSPOOL: :1: error :2: accessing spool file.**

Text	NATSPOOL: ... error ... accessing spool file.
Expl.	Adabas/VSAM response code upon call to NATSPOOL file at Natural initialization time was not '0'. Possible reasons are: <ul style="list-style-type: none"><li>- The FSPOOL parameter is missing in NATPARM.</li><li>- The NATSPOOL file, as defined in FSPOOL, may not be loaded.</li><li>- The NATSPOOL file, as defined in FSPOOL, may not be open.</li><li>- DD/DLBL statements of NATSPOOL (VSAM) files missing in CICS startup job.</li></ul>
Actn.	Check status of NATSPOOL file and/or CICS startup job.
