

# INIT-LIB - Library for Automatic Logon

This Natural profile parameter is for UNIX and Windows platforms only.

It specifies the name of the library to be used for an automatic logon (see the parameter AUTO) when Natural is started.

<b>Possible settings</b>	1-8 characters	Valid library name.
<b>Default setting</b>	none	
<b>Dynamic specification</b>	NO	
<b>Specification within session</b>	NO	

If Natural Security is installed, INIT-LIB is not evaluated; the library to be used for automatic logon is read from the FSEC system file (see the Natural Security documentation for further information).
