

NATUNLD/NATLOAD - Direct Commands

The direct commands are available in batch mode and online. When you enter a direct command online, the entire command must fit into one command input line.

This section covers the following topics:

- NATUNLD Direct Command Syntax
- NATLOAD Direct Command Syntax
- NATUNLD/NATLOAD Commands for Reports

See also Executing NATUNLD in Batch Mode and Executing NATLOAD in Batch Mode in the sections NATUNLD Utility and NATLOAD Utility.
