

Special Characters

Some special characters used in Natural ISPF depend on the keyboard used in your country or at your installation. The table below lists the special characters by their hexadecimal values and the characters to which they correspond on some national keyboards:

Hexadecimal	English Keyboard	German Keyboard
50	&	&
61	/	/
4F		!
4A	¢	Ä
5A	!	Ü
5B	\$	\$
5E	;	;
5F	:	^
6B	,	,
7B	#	#
7C	@	§
7E	=	=
