

Load Error Messages Only

This function of the INPL utility is used to load error messages into specified libraries in the Natural system file FNAT or FUSER.

► To load error messages

1. On the INPL menu, enter Function Code **E**.
2. You can specify parameters to be valid during execution of this function:
 - Replace (Y/N)
 - Library
 - Object Name

For detailed information on these parameters, use the hyperlinks, or refer to Options Available in the section Introduction.

3. Confirm your entry.

When the function is complete, a corresponding INPL Report (see the section Introduction) is output.
