

# MP - Maximum Number of Pages of a Report

This Natural profile parameter is for mainframes only.

It determines the maximum number of pages to be produced for a report.

<b>Possible settings</b>	0-32767	The setting specified is the number of physical pages and has no effect on the starting page number used. The program will be terminated with an error message if the MP setting is exceeded.
<b>Default setting</b>	0	no page limit is defined.
<b>Dynamic specification</b>	YES	
<b>Specification within session</b>	NO	

Within a Natural session, the setting of profile parameter MP can be reduced, but not increased by the FORMAT statement.
