

%R - Repeat INPUT Statement

Command Syntax

%R

This command causes INPUT statement repetition and the output screen to be rebuilt. All output data generated from the beginning of the INPUT statement will be reproduced.

%R in a Recording

Note:

This command is for Mainframes only.

By recording the terminal command %R, you can manipulate a single step in a recording when it is played back.

You may also use %R to overwrite input data in a recording that is being played back.

Further information on recording is provided in Recording in the section Debugging and Monitoring.
